Timeline: Discovering Cells and the Cell Theory

Directions: Create a timeline documenting the work of **Robert Hooke**, **Anton van Leeuwenhoek**, **Matthias Schleiden**, **Theodor Schwann** and **Rudolph Virchow**. You can use this template or create your own on the computer. Your timeline should be in your own words and include a picture, description of the scientists work, and the date the discovery took place. You may borrow a textbook to complete this or do your research online.
