

Poetry Cafe

This year, 3rd and 4th grade students have been immersed in a thematic unit of study based on Courage and Determination. They have examined techniques of both poetry and art, improving their literacy in discussing poetic devices and visual arts. Throughout their learning, they have also been given time to apply their understanding by writing their own poems about self-selected art works. These poems are now being published so that we can share them with you on one very special afternoon.

You and your family are invited to join us at:
